Kerry, attached is the letter and as you can see from Kearra's note, these are the instructions to send it to the Treasurer. Can you please get Darren to send me a copy after he sends your signed copy to Fraser.

On the same vein, after we spoke this morning, Mike Kelly rang me on another matter and I had the opportunity of passing by him the subject we spoke about this morning. In the general clamour of today I got hold of Bob Bentley, the question I posed was "I am personally comfortable for Kerry and the Harness board to begin briefing her architect and lighting engineers on the projects which will be completed as a matter of urgency after our merger. Do you agree?" Both Bob Bentley and Mike Kelly believe you should go ahead. I was a little surprised with the Racing Offices view after this morning's conversation.
