Dear All

There is now no need to proceed with the special RQL Board meeting next Monday, 21 November 2011 at 3:00pm, and as such, it has been cancelled.

We were advised by Government that we only have one opportunity to make application to vary IIP project budgets and as consideration of this application would not occur until early next year we will push on within budget for the time being.

I advise that Mark Snowdon has worked on the compliance matters raised at the last Board Meeting (4/11/11), which are in hand, and Mark will update the Board at its 19 December 2011 Board Meeting.

Regards

**RG Bentley**
